You may fill out this request by phone (618-337-9726) with an American Bottoms representative or send a completed form to HauledWastewater@AmericanBottoms.com or by fax to 618-337-8919. Request Date 1. Applicant/Inquiry By: ___ Transporter Generator Consultant Contact information: 2. Generator of Wastewater: Generation Site Address: 3. Description/type of wastewater: Volume of wastewater? gallons per 4. day week mo yr? On-going One time 5. Lab test results available? Yes 'No If yes, please attach. pH range of wastewater:_____ If pH not known, does the wastewater contain acid, caustic or other strong 6. Not applicable bases? "Yes "No 7. Nature of waste a. RCRA Hazardous waste?* Yes No b. Contains Industrial Process Waste? Yes No c. Contains Pollution Control Waste? Yes No d. Contains PCBs or pesticides? * Yes No e. Contains Mercury? Yes No If yes, maximum concentration? f. Contains Cyanide? Yes No If yes, maximum concentration? g. Contains sulfur or sulfide? Yes No If yes, maximum concentration? h. Food services operation grease?* Yes No i. Off-specification or unused chemical? Yes No If yes, please attach safety data sheet. Contains oil? Yes No Don't know If ves. how much? k. Contain ammonia, other nitrogen compounds? Yes No Don't know If yes, maximum concentration? I. Contains radionulcides? Yes *These wastes are not accepted for discharge. Treatability: Any specific chemical constituents known? If lab results provided in question 5, only information about 8. the wastewater not addressed in the lab report is needed here. Submit attachment or list below: Constituent Concentration Measured or Estimated? 9. Strength of waste: Fill in any of the constituents that are known. Measured or Estimated? Concentration Constituent BOD COD (check one) Suspended Solids Oil & Grease Cadmium Manganese Zinc

	Hauled wastewater requests – American Bottoms- P-Chem Page 2/2
10.	If needed, is a sample available for analysis? Yes No
11.	Our facility can treat more than many treatment plants. Has this wastewater been rejected by other treatment facilities or disposal locations? Yes No Details:
12.	Wastewater subject to USEPA pretreatment standards? Yes No
	Details:
13.	Wastewater to be treated by POTW in order to meet EPA air standards (NESHAP)? Yes No
	Details:
14.	Any components which are flammable/explosive, such as solvents? Yes No
	Details:
15.	Any chlorine or sulfur-bearing materials? Yes No
	Details:
16.	Will the wastewater be at ambient temperature? Yes No
	Details:
17.	Is the wastewater from multiple sources? Yes No Don't know If yes, any treatment separation, settling, neutralization, etc be provided? Yes No Don't know
18.	Do you need a recommendation for a waste hauler? Yes No
	If you have a waste hauler identified, please provide the following information:
	a. Who will transport wastewater?
	Transporter contact information:
	b. Does the transporter have IEPA special waste hauler authorization? Yes No
	c. Can the transporter provide required insurance? Yes No Don't know
	d. Volume of transporter tank(s): gal
	Billing is based on truck volume not transported amount.
19.	Generator site's Illinois Bureau of Land Site ID number:
